

STARGAZER

Gesprochen:

**A child was born – down there in the streets – in the middle of
nowhere – to reach out for the stars – a born stargazer**

Vers 1:

**You, close your eyes, 'cause the mirror is broken in your hands
Uh, and in your mind call your wild dreams to nowhere land
Return to reality with every step you make
And you will fly away in this sunset**

Refrain:

**You're like a stargazer – searching the night
to get closer to your dreams
Like a stargazer – but there is no light
a prisoner in your soul and cage
Stargazer – a stargazer**

Vers 2:

**You, you're down to earth when your ship takes off to eternity
You're one with the universe and now your reaching out for
nowhere land
The unicorn 's calling get out of the dust
but you will never ever return – in your dreams**

Refrain:

**You're like a stargazer – searching the night
to get closer to your dreams
Like a stargazer – but there is no light
a prisoner in your soul and cage
Stargazer – a stargazer**

Get out of the dust ...
