

# **TIME GOES BY**

## **Verse 1:**

**I'm sitting at the bay  
Watching the dawn of the day  
And I think by myself how wonderful life is today  
I walk along the shore  
And I feel it even more  
With you by my side I will make my way**

## **Refrain:**

**Time goes by  
Time goes by  
Time goes by  
Time goes by**

## **Verse 2:**

**One day when I came home  
I suddenly was alone  
You went away and did not say good bye  
Many years passed by  
And still I'm wondering why  
You couldn't stay with me and I cry**

## **Refrain:**

**Time goes by  
Time goes by  
Time goes by  
Time goes by**
