

TIME IS UP

Refrain:

**I wanna live every day
I wanna live it my way
No matter what they say
They can't take me down**

Vers 1:

**People run around
Phones are ringin' loud
I'm lookin' at my watch
There's still to do so much
If I just could I would slow the whole world down
I'd bring it on it's knees and I'd stop it from spinning around**

Refrain

Vers 2:

**My girl just waits at home
I'm still at work alone
No time for a cup
I have to hurry up
But as it seems I'm climbing up an endless wall
No time for this, no time for that, there is no time at all**

Solo / Refrain

Vers 3:

**I think of all the things
the future will bring
For now as it seems
They all will be dreams
I'll take it day by day for the rest of my life
Saving time for a hug and a kiss every day for my wife**

Refrain 2 x und dann:

Time is up!
